

## A Reflection for Easter Sunday – 12 April 2020

**He Is Risen ! Hallelujah !**

**He is Risen Indeed ! Hallelujah !**

For some reason people think that Christians are focussed on the undeserved and horrendous death of Christ. They are wrong !

The most important element of what Christ did, was achieved on Easter Morning when He defeated death !

Without the resurrection, Jesus would simply have been another martyr to cruelty, prejudice and oppression. The empty tomb saw God demonstrate that death could never again hold His Son or His people and that there is nothing to be afraid of.

Sometimes people are genuinely and massively transformed in their behaviours – we talk about them becoming different people. Jesus however was resurrected – that is he was dead but he came back as the same person – there was no need for him to change – he was perfect.

The resurrection is an invitation to look around – to see transformation, but for the Christian the resurrection has a much richer meaning. Jesus told people that by being in relationship with Him they would be with Him forever.

How do we get into relationship with Christ ? For many it seems too simple. We simply talk with Him and ask Him to forgive everything we have done wrong in our lives. Experiencing the love of Christ will lead us to transform – with joy !

Being loved is wonderful – and Christ offers each of us His unconditional love. It is wonderful.
