During Lent 2019, we will have a 'Heart Clinic', where we will explore some of the things which cause problems with our 'Heart' that is the deepest part of our lives. When there are problems with our heart, we may experience other side effects in our overall health. This not only applies with our physical heart but even more with the centre of our being, our soul – made up of our will, our emotions and our mind. In a Hebrew understanding of human nature we are Spirit, Soul and Body and all three need to be whole and in harmony with each other and with our Creator.

You are welcome to come along to just one session or to come to all of them. There will be a summary of the talk and some questions for application for each participant.

There is no cost for entry and you are welcome to join us for refreshments beforehand from 7pm. Small groups will be meeting during the evening (or you can be quiet and reflect) and also during the following week in several locations where we can support each other.

Solomon wrote many wise sayings recorded in the Book of Proverbs 'Above all else, guard your heart, for it is the wellspring of life' Chapter 4v23. If only he had heeded his own advice!

Not only will we look at the Traditional Seven Deadly Sins, but also look at the Heavenly Virtues and how they relate in our contemporary world. Jesus said that 'Out of the heart, the mouth speaks'. See also Mark 7v20-23

We all need help with these things and our hope is that our lives will grow to reflect 'the beauty of holiness' and be a blessing to our family, friends and communities where we live.
